Wattage at 240V	5500 Watts

Dimensions:	
Height	46-1/4 in.
Diameter	19 in.

Power:	
Type	Electric
Wattage at 240V	5500 Watts
Maximum Fuse Required	30 amps
Minimum Wire Size	10 gauge

Warrenty

Better than an extended warranty, a protection agreement goes beyond your manufacturer's warranty to protect you from unexpected repairs and help maintain optimal product performance. Here's how:

- Professional service by trained Sears technicians you can trust
- Complete parts and labor for all covered repairs at no extra cost. This includes normal wear and tear and even cosmetic parts for 3 years
- Unlimited service calls on covered repairs at no extra charge and no hidden fees
- If we can't fix it, we'll replace it
- No hassles -- you deal directly with

Sears, not the manufacturer

- A free annual preventive maintenance and performance check at your request
- See more [features and benefits](#)

During Checkout, choose the Protection Agreement that is right for you:

2YR In-Home Master Protection Agreement \$29.99

3YR In-Home Master Protection Agreement \$49.99

5Y HOMEPA \$79.99

Some limitations apply.
